Chemical Treatment Log

If a hazardous chemical is spilled to the sewer, immediately call EH&S at 206-543-0467.

Chemical Name	Concentration or pH	Volume Treated	Date	Name

- Notify EH&S when conducting **chemical waste treatment** (206-616-5835 or chmwaste@uw.edu)
- Only certain waste streams may be treated. See www.ehs.washington.edu/pollution-prevention for more information
- Keep your filled Chemical Treatment Logs in your files for three (3) years.
